Project Executing
Organization

BIOMULCH IS A PROJECT FUNDED BY THE EUROPEAN COMMISSION. THIS PROJECT HAS RECEIVED FUNDING FROM THE EUROPEAN UNION'S HORIZON 2020 RESEARCH AND INNOVATION PROGRAM UNDER GRANT AGREEMENT N° 737741

Duration

December 2016 – May 2019

Funding institution

European Commission

Summary

BIOMULCH will be commercialised as a kit which guarantees the farmers complete biodegradation of the mulch film exactly when it is required by them. With our innovative mulching technique, the mulch film will be fully degraded in a 30–40 day period.
