Patrick Zimmermann appointed member of the management team, new areas of responsibility for Niklas Voß and Denise Martha

*Patrick Zimmermann,
Member of Management
Team*

*Niklas Voß,
Associate Sales Director*

*Denise Martha,
Head of Marketing*

Willich, July 2019 – As of June 2019 Patrick Zimmermann became a member of FKUR Kunststoff GmbH's Management Team with responsibility for sales, marketing and market development. With effect from 1st July 2019, two further appointments were made:

Niklas Voß, previously Technical Sales Manager, is now the Associate Sales Director of FKUR with his team responsible for the region Germany, Austria and Switzerland [DACH], as well as BeNeLux.

Denise Martha now leads the marketing team and is responsible for all marketing activities, trade fairs and worldwide communication of the bioplastics specialist FKUR.

Patrick Zimmermann had studied mechanical engineering at the University of Applied Sciences Aachen and industrial engineering at the Fernhochschule Hamburg before joining FKUR in 1999. He has contributed significantly to FKUR's global market development as well as to the sales and marketing of compostable and biodegradable thermoplastics and also to FKUR's distribution portfolio including Green PE and Bio-PET. As part of FKUR's global marketing strategy, he was also responsible for setting up the US subsidiary. Since August 2015, Mr.

Zimmermann has also been the Managing Director of FKuR Polymers GmbH, a manufacturer of customized polyolefin and TPE compounds.

Über FKuR:

About FKuR:

The FKuR group is a medium-sized, privately held group of companies focusing on the development, production and marketing of high-quality special compounds and the distribution of plastics specialties.

The group currently includes FKuR Kunststoff GmbH, one of the leading suppliers of bioplastics compounds for flexible packaging solutions and engineering applications, and FKuR Polymers GmbH, specializing in the development and production of TPE and PP / PE compounds.

The product portfolio of the FKuR group comprises the FKuR Kunststoff GmbH product groups marketed as Bio-Flex[®], Biograde[®], Fibrolon[®], Terralene[®], Terraprene[®] as well as the FKuR Polymers brands Macoprene[®], Macolen[®] PE and Macolen[®] PP.

The distribution business comprises the biobased PE I'm green[™] of Braskem and the biobased PET Eastlon of the Fenc group.
